WORK IN DENMARK

A new site for highly skilled professionals who wish to work in Denmark

Denmark has a lot to offer specialists and highly educated professionals who are looking for new challenges.

A job in a Danish company not only offers professional challenges; it also comes with good work and living conditions. Danish workplaces are technically advanced; they offer a good work environment and attractive career opportunities. The work-life balance in Denmark is excellent, and you and your family can enjoy a comfortable life in a safe environment.

Finding a job in Denmark

workindenmark.dk/highly-skilled is the place where highly skilled professionals and Danish companies meet.

This site has the largest selection of English job adds in Denmark with positions targeted at highly skilled professionals.

You can also find a CV bank specifically for highly skilled job seekers where you can create your own CV.

On this site you'll also find specific information on how to apply for a job in a Danish company, and on living and working in Denmark.

Professional service – free of charge

Workindenmark is a free, public service for international job seekers.

Find us at workindenmark.dk, or contact one of our three regional centres. At the centres, experienced consultants are ready to give you all the help you need. We can assist you with the initial contact to Danish authorities, make sure you get off to a good start in your new job, and help your family settle well in Denmark. We offer counselling in English, German, Polish and many other languages.
